

KETCHIKAN CHARTER SCHOOL

August 30, 2021

Dear KCS Middle School Families,

Thank you for your patience today as we tried to complete all our contract tracing of the middle school. We are currently working on calling all close contacts. Please read the following information from Public Health and the KGBSD Nurse that may help guide you on procedures for your child until we let you know we have notified all close contacts.

Vaccinated Students:

If your child is vaccinated, please follow these instructions:

May return to school tomorrow, **August 31, 2021**, doing best to social distance.

Monitor for symptoms and wear masks.

Should be tested for COVID with a molecular test as soon as possible.

Non-Vaccinated Students:

If your child is not vaccinated, please follow these instructions:

Your child should have a molecular test on **Wednesday, September 1, 2021**. If negative, your child may return to school on **Thursday, September 2, 2021**.

If you choose not to test, your child may return to school on **Tuesday, September 7, 2021**.

Again, I appreciate your patience and understanding,

Kayla Livingston
Principal
